ON CAMPUS

FEAR AND LOATHING

Welcome to the University. We hope your stay will be a pleasant one - but we really don't see how that can be...

DID YOU KNOW that the President of the Student Government Association is an avowed homosexual? And, as SGA President, he'll be representing the University and you around the state. Does such a person represent you?

DID YOU KNOW that the Black Student Union (BSU) was given $18,000 of your student fees to protest campus "racism"...that this comes to about $360.00 per member, while organizations you might be interested in got less than $1.50 per student...that minority groups can get almost anything they demand, while Majority-oriented fund requests are dismissed out-of-hand?

DID YOU KNOW that the Committee on Gay Education (CGE) is a recognized group on campus...that the Student Senate has given student

(next column)

money to the CGE to hold "gay" dances...that the Student Senate appropriated money for a "Gay Crisis Line" which is nothing more than a dating service for homosexuals?

DID YOU KNOW that you can be admitted to the University without your SAT scores being looked at - if you're black...that a former Director of Admissions said of a rejected applicant, "If we'd have known she was black we would have let her in." ...that unqualified minorities are being admitted while qualified Majority students are being rejected?

DID YOU KNOW that there is a group on campus that is trying to put a stop to this insanity?

THE UNION OF THE AMERICAN PEOPLE is the only campus political party which stands for the Majority student. The others are coalitions of minorities and special-interest groups whose only aim is to exercise power and raid the student till for their own purposes.

BANNED

DIXIE

You know, of course,that you can't hear DIXIE at the University of Georgia. Not at football games, not at basketball games, not at any athletic events.

The (Dixie) Redcoat Band isn't allowed to play DIXIE. Roger Dancz, the band director, is afraid that it might offend someone,

Well, we're offended that it isn't played.

We're offended that we're not allowed to hear DIXIE.

We're offended that some minority group can use pressure and scare tactics and get DIXIE removed from the band's repertiore.

And we think you probably are too.

In November, 1974, the University students went to the polls in the largest numbers ever and voted 3-1 to restore the song.

And Roger Dancz still says no.

The Athens Banner-Herald ran an editorial calling Dancz "asinine" for his refusal to play the song.

The Augusta Chronicle condemned Dancz's high-handed attitude and autocratic control over the band.

The Columbus Ledger-Enquirer backed Dancz, and was inundated with angry letters backing the students and DIXIE.

Paul Harvey, ABC commentator reported the story with thinly-veiled disgust in his voice.

The President of the University of Georgia, Dr. Fred Davison, refuses to do anything about this blatant disregard of student wishes.

The Georgia Alumni Society refuses to take any action, even though they have gotten many letters protesting Dancz's actions.

The Student Senate has voted 4 times not to even discuss the question of whether or not the students wishes should be followed on the DIXIE issue. Whatever happened to representative government?

- BUT -

The Union of the American People pledges that we will work to restore DIXIE as the students wish. All other campus political parties have completely ignored the students on this question.

If you want to hear DIXIE at the University, we urge you to attend our first meeting this Thursday, September 18 at 7PM in Room 404, Memorial Hall.

PLAY DIXIE
FIRE DANCZ

There are some organizations and people on campus that you'll need to know about (and watch out for). So, as a public service, the Peoples' Observer presents a glossary of things to

BEWARE

BLACK STUDENT UNION (BSU)-Black separatist group. They are given large amounts of student money, which they spend during Black Awareness Week to talk about how persecuted they are.

COALITION - Far-left campus political party, made up of socialists, blacks and homosexuals and other low elements. "Coalition is as radical as ever."-Jodie O'Connell.

COMMITTEE ON GAY EDUCATION (CGE) - A homosexual organization. They meet periodically to have "dishings" and praise perversion.

DANCZ, ROGER - Director of the (Dixie) Redcoat Band. The man who refuses to play Dixie, in spite of the students' wishes.

FOCUS - Near-left campus political party. Formerly known as ONWARD. "Focus is not based on issues."-Preston Lewis, Focus Presidential candidate.

FORSLING, MARK - Focus member. SGA Vice President. Voted against DIXIE.

GREEN, ED - Coalition senator and advocate of PIRG, the organized student rip-off.

LETZSCH, STEVE - Elder statesman of Coalition. He was treasurer of the Student Senate the year of the Coalition profiteering. (see Peoples' Observer #2)

O'CONNELL, JODIE- President of the SGA. Former head of the CGE. A member of Coalition, and an avowed homosexual (and proud of it).

ONWARD - Campus political party, now known as Focus.

PIRG- Public Interest Research Group. A legalized fleecing of students to finance leftist activism. They would take $6 from each student and give you nothing for it.

WILDES, CAROLYN - Focus member. SGA Vice President. She voted in the Senate against playing DIXIE. "We were just peons. We did what we were told."
